

HOW TO FIND YOUR UDID

([¬] greencopper[™]

TECHNOLOGY PARTNER TO BRANDED EVENTS

WHAT'S THE UDID FOR?

In order to test your app, Greencopper will build a demo app before it's available on the App Store. The app is specifically built to run on a set of predefined devices (iPhone, iPod touch or iPad).

For this purpose, you will need to provide the device's physical address you will be using to test the app. This address is also known as « **Unique Device IDentifier** » or UDID.

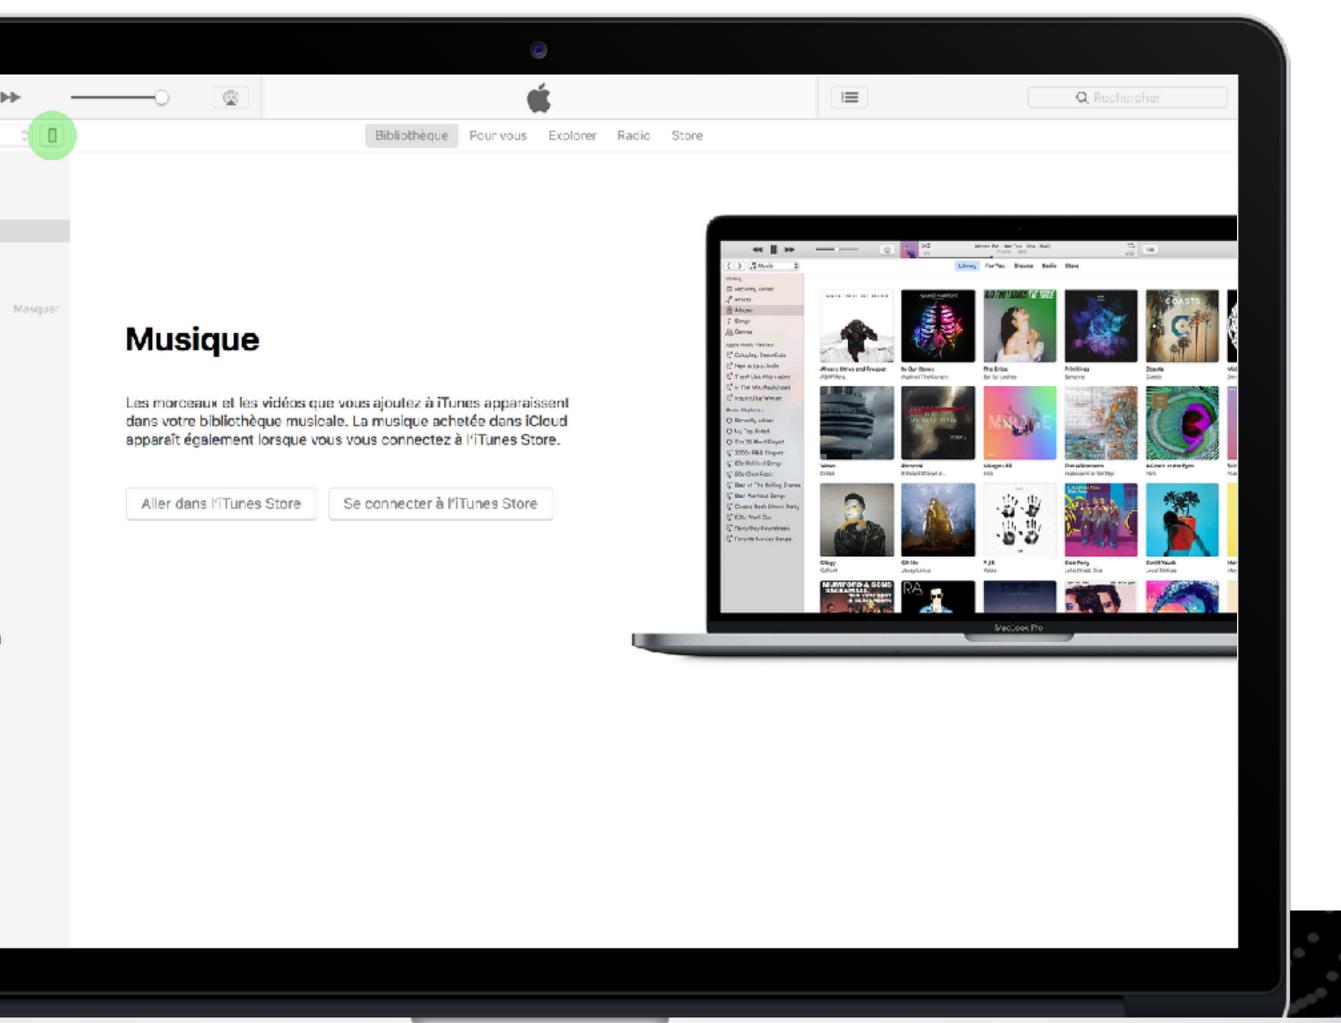

Connect your device to your computer, and start iTunes

Click on the "iphone" icon in iTunes

You get the UDID

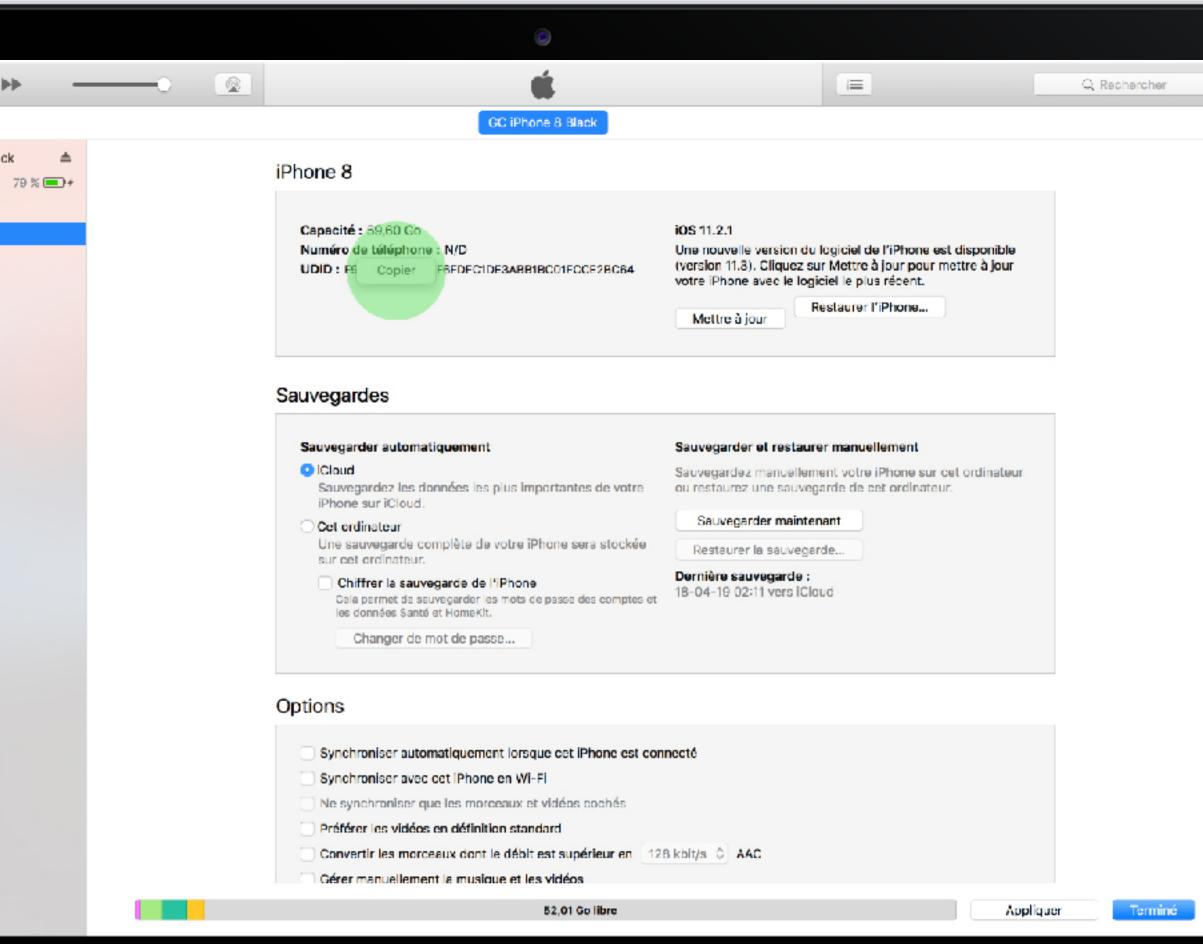

STEP 4

Right click on the UDID to copy the number

Paste the UDID in a new email and send it to your project manager at Greencopper

IN ORDER TO AVOID TYPOS, PLEASE DO NOT TAKE A SCREENSHOT OF YOUR UDID.
